

Fire Station Field Trip Wednesday, November 15th

I give authorization for my child to go to the Fire Station located at 2525,78th Ave SE. I am aware that I drop off and pick my child up at Preschool. Please be ready to drive your child to the firehall at 9:50 if we can't walk because weather doesn't permit. It is best to stay with your child in that event until we are back at the preschool, because all the firetrucks maybe called out. In that event they close the Fire Station and we have to leave. The staff will adhere to all supervision methods that are in the parent handbook program plan during the course of the field trip. Staff will maintain government standards for ratios and bring a portable record along with any emergency medications in respect to each child as well as a first aide kit. You can contact us at the Fire Station by calling the Preschool phone number. 403-236-1268. There will be 15 children that are 4 attending the Fire Station. And the tour will last about 30 min. The Firefighters will go over some fire safety rules, show us what they look like when they have on all their gear so we won't be afraid of what they look like with face mask etc. We also get to see a few of the firefighters slide down the fire pole. We will leave at 9:45 to walk to the Firehall and arrive back at the Preschool at 10:45. Just in time to have our snack and make a thank you card for the firefighters.

By signing this consent, I provide permission for my child to go on the above field trips.
